## **Main Dining Room**

We are pleased to announce that fully vaccinated residents may be seated together in the Main Dining room effective Monday, May 10. Tables and seating will revert to pre-pandemic layout. We will continue to screen residents prior to entry.

Fully vaccinated residents are those who are two weeks past one-shot or two-shot series. Currently, the Moderna and Pfizer vaccines are two-shot series. The J&J is a one-shot series.

All residents must mask until seated at their table. Residents may choose to mask when going to the buffet.

Any resident not feeling well should stay home.

Residents who are not fully vaccinated may still dine. We will seat them in the Private Dining Room and dining staff will bring all food to their table.

Our next vaccination date for residents will be May 14. Please contact me as soon as possible if you are interested in being vaccinated. I can be reached at extension 8467.
