

“For Your Information”

(A periodic publication by Sherwood Oaks Executive Director, Annette McPeck)

March 3, 2022

Employee Appreciation Posters

Sherwood Oaks will join the nation in celebrating National Employee Appreciation Day on Friday, March 4. Department managers have shared fun facts from their departments for 2021 and made very colorful and informative posters thanking their staff. The posters will be hung on the wall across from the resident storage room (on the lower level) and displayed on the wall to the entrance of the Cranberry Lake Fitness Center. I encourage you to stop by and read them. You may be surprised by some of the statistics.

New Armstrong Cable Boxes

Some of you may have received notification from Armstrong that your current cable box is outdated and will soon no longer work. They are suggesting that an updated box be installed. We've been made aware that the new boxes do not show Channel 900/901 so we reached out to Armstrong for a remedy. I will keep you updated.

New Community Nurse Director

I'd like to welcome our new Community Nurse Director, Vicky Tremblay. Vicky has been working in the Community Nursing Department for the past several months and is currently training with Betty Wright. Betty has asked for an alternate role and will continue to work in the department. Vicky's new role becomes effective on March 13. I'd like to thank Betty for her years of leadership, and she will continue to support and care for our residents.

Farewell

Executive Chef Fred Buchanan is retiring after many years of service at Sherwood Oaks. His last day is Friday, March 25. Join me in wishing him all the best in retirement and stop by for cake in the lobby on March 24 at 1:00 p.m. Cards for Fred can be dropped off at the reception desk.

Spring Forward

Spring is almost here! Remember to turn your clocks ahead one hour on Saturday night, March 12, before you go to bed.
