

“For Your Information”

(A periodic publication by Sherwood Oaks Executive Director, Annette McPeck)

June 6, 2022

Channel 900 & 901

Armstrong Cable was on campus today to make the changes needed so our in-house TV channels can be viewed by all residents. Channels 900 and 901 are now 950 and 951.

Medical Office Reminders

To protect the privacy of others, we ask that you refrain from walking around the Medical Office suite. Please check-in and sit in the waiting room for your appointment.

Also, pets are not permitted inside the Community Nurse Office and/or Medical Office suite. Please leave your pet at home if you have an appointment with a doctor, nurse, podiatrist, or audiologist.

Archive Committee Request

The Archives Committee is looking for old neighborhood watch signs. These signs were used by residents to “check in” before we implemented the aerial alert system. If you have one of these signs, please contact Peg Rychcik at ext. 8297.

Emergency Preparedness – IL Residents

Are you prepared for inclement weather? Please review the Independent Living Readiness Guide – Inclement Weather, located in the appendix of your Resident Handbook. Need an extra copy of the guide to keep on your refrigerator for quick reference? Stop by the Reception Desk to pick up a copy.

Annual SORA Meeting

The Sherwood Oaks Residents Association (SORA) holds a meeting each June to elect officers and Board of Director members for the following (fiscal) year that begins on July 1. Also at this meeting, a few staff members speak about their experiences in receiving employee scholarship. This year’s meeting will be held on Tuesday, June 14 at 7:15 p.m. in Auditorium and Card Room.

SORA needs a quorum of 60 residents for the elections to be valid and your attendance is needed to meet this requirement.
