

# “For Your Information”

(A periodic publication by Sherwood Oaks Executive Director, Annette McPeck)

**October 13, 2023**

**HAPPY FRIDAY, THE 13TH**

---

## **Scam Advisory**

We are receiving reports from residents about scam calls from Publisher’s Clearing House. A male caller states that you have won \$2 million, along with a Chevy truck. All you must do is send \$2,500 to the IRS in advance. This is a scam! Do not give out any information and hang up.

The robo calling feature that was recently installed on the campus phones does block robo calls and automated calls from being connected to you. Unfortunately, this type of scam involves an individual caller who can press #8 to be connected to you. Please use caution when answering phone calls.

## **Medicare Talk**

Eric Holmes, insurance services of Zelianople, will be here on Monday, October 30 at 1:30 PM in the Auditorium or Card Room to provide a general presentation about Medicare open enrollment and health insurance options.

If you have questions about your current health care plan and would be interested in discussing your insurance needs for 2023, Eric is available to assist you in choosing the health insurance plan that will work best for you. He can be reached by cell phone at 412-719-6059 or by email at erich@iszelie.com.

## **Emergency Heat**

A reminder for emergency heat as we move into the Fall season:

- ✓ Turn on “Emergency Heat/Auxiliary Heat” when the outside temperature is expected to be below 35 degrees.
- ✓ Turn back to “Heat” when the outside temperature rises above 35 degrees.

Please note that this only pertains to patio homes 101-360. The lakeside apartment and patio home 600 residents will adjust the thermostat in their homes as normal. Contact maintenance at ext. 8477 if you need assistance.

## **Recycling Reminder**

A friendly reminder from the Recycling Committee.

- ✓ Glass bottles, jars, and jugs **ONLY** - may now be placed in the separate, labeled box in each trash room in Parking Lots A - I. Caps and labels do not need to be removed. The glass is collected and transported to Pine Township for recycling.
